

GOVERNMENT POLYTECHNIC

Government Polytechnic, Masab Tank, Hyderabad, is a renowned technical institution in Telangana, India. Established in 1923, it is one of the oldest polytechnic colleges in the country, known for providing high-quality technical education and skill development.

Key Features:

1. **Courses Offered:** The institute provides diploma courses in various engineering and non-engineering disciplines, including:

- Civil Engineering
- Mechanical Engineering
- Electrical and Electronics Engineering
- Electronics and Communication Engineering
- Computer Engineering
- Printing Technology
- Packaging Technology

2. **Campus Facilities:**

- Well-equipped laboratories and workshops.
- A central library with technical resources.
- Hostel facilities for outstation students.
- Sports and extracurricular activity spaces.

3. **Academic Excellence:**

The institution emphasizes hands-on training and practical knowledge, preparing students for industry and further studies.

4. **Location:**

Situated in Masab Tank, the college has easy accessibility from different parts of Hyderabad, making it a preferred choice for students in the region.

5. **Placements:**

The college maintains ties with industries, providing students with internship and job opportunities.

Academic Programs

Government Polytechnic, Masab Tank, offers a variety of diploma courses designed to provide technical expertise and industry-oriented skills. These programs typically span **3 years**.

Diploma Courses Offered:

1. Civil Engineering

- Focus: Construction technology, surveying, and infrastructure development.
- Career Prospects: Site supervisors, civil engineers, and project assistants.

2. Mechanical Engineering

- Focus: Machine design, manufacturing processes, and thermal engineering.
- Career Prospects: Production engineers, maintenance officers, and CAD technicians.

3. Electrical and Electronics Engineering (EEE)

- Focus: Power systems, electrical circuits, and industrial automation.
- Career Prospects: Electrical supervisors, automation engineers, and power system analysts.

4. Electronics and Communication Engineering (ECE)

- Focus: Communication systems, microprocessors, and embedded systems.
- Career Prospects: Telecom engineers, embedded system developers, and circuit designers.

5. Computer Engineering

- Focus: Software development, programming, and IT systems.
- Career Prospects: Software developers, system administrators, and database managers.

6. Printing Technology

- Focus: Print production, pre-press, and publishing technologies.

- designers.

7. Packaging Technology

- Focus: Packaging materials, designs, and processes.
- Career Prospects: Packaging technologists, supply chain managers, and product designers.

LIST OF COLLEGES

College Name	College Name	College Name
Government Polytechnic College, Avasari	Pimpri Chinchwad Polytechnic	MMM Polytechnic
Government Polytechnic College for Distance Learning	Venutai Chavan Polytechnic	Balchandra Polytechnic, Gorhe
Government Polytechnic College	Dr DY Patil Polytechnic, Nigdi	Samarth Polytechnic, Belhe
Maharashtra Institute of Printing Technology	Seth RGS Institute of Technology	KES Polytechnic, Lohegaon
Cusrow Wadia Institute of Technology	JCE Institute of Technology, Junnar	Dattakala Polytechnic, Daund
Maharashtra State Institute of Hotel Management and Catering Technology	Nutan Maharashtra Polytechnic	SP Institute of Engineering and Technology, Junnar
PGM College of Engineering, Wagholi	JVPM Polytechnic College, Chinchwad Gaon	SB Patil Polytechnic, Indapur
Rajarshi Shahu College of Engineering, Tathawade	Jaywantrao Sawant Polytechnic, Hadapsar	Shri Savitribai Phule Polytechnic
Siddhant College of Engineering, Maval	Bhivrabai Sawant Polytechnic, Wagholi	Sahyadri Polytechnic
RD Technical Campus, Bhore	GSM Institute of Technology, Haveli	PK Technical Campus
ESS Polytechnic	Shivneri Polytechnic, Junnar	DES Technical Institute
YB Patil Polytechnic	Dr DY Patil Polytechnic, Talegaon	Hon Ajitdada Pawar Diploma Engineering College, Junnar
